

Available Accessories

Shelf:

A shelf was specially created for Xpressions and can carry up to 5kg.

Lights:

The most innovative floodlight solution

The duo.light is a universal solution for all the Duo products with a standard fixture, adaptable to many other products of the market. The duo.light is a halogen 150 Watts floodlight which combines innovating design, astute technical features and attractive price. Without being intrusive, the duo.light put itself at the service of the graphics to illuminate the image with a fluid radiance.
